COMMERCE COUNCIL

Innovators
Roundtable

MAY 28-30 2014
St. Paul, Minnesota

Hosted by **3M**

DuPont's portfolio may surprise you....

To be spun out in 2015

DuPont 2013 Segment Sales

Clear Strategy to Increase the Value of DuPont

Generate superior shareholder returns by building and leveraging world-leading positions across three attractive spaces

Ag & Nutrition

1. Extend our leadership across the high-value, science-driven segments of the Ag and Food value chain

Bio-based Industrials

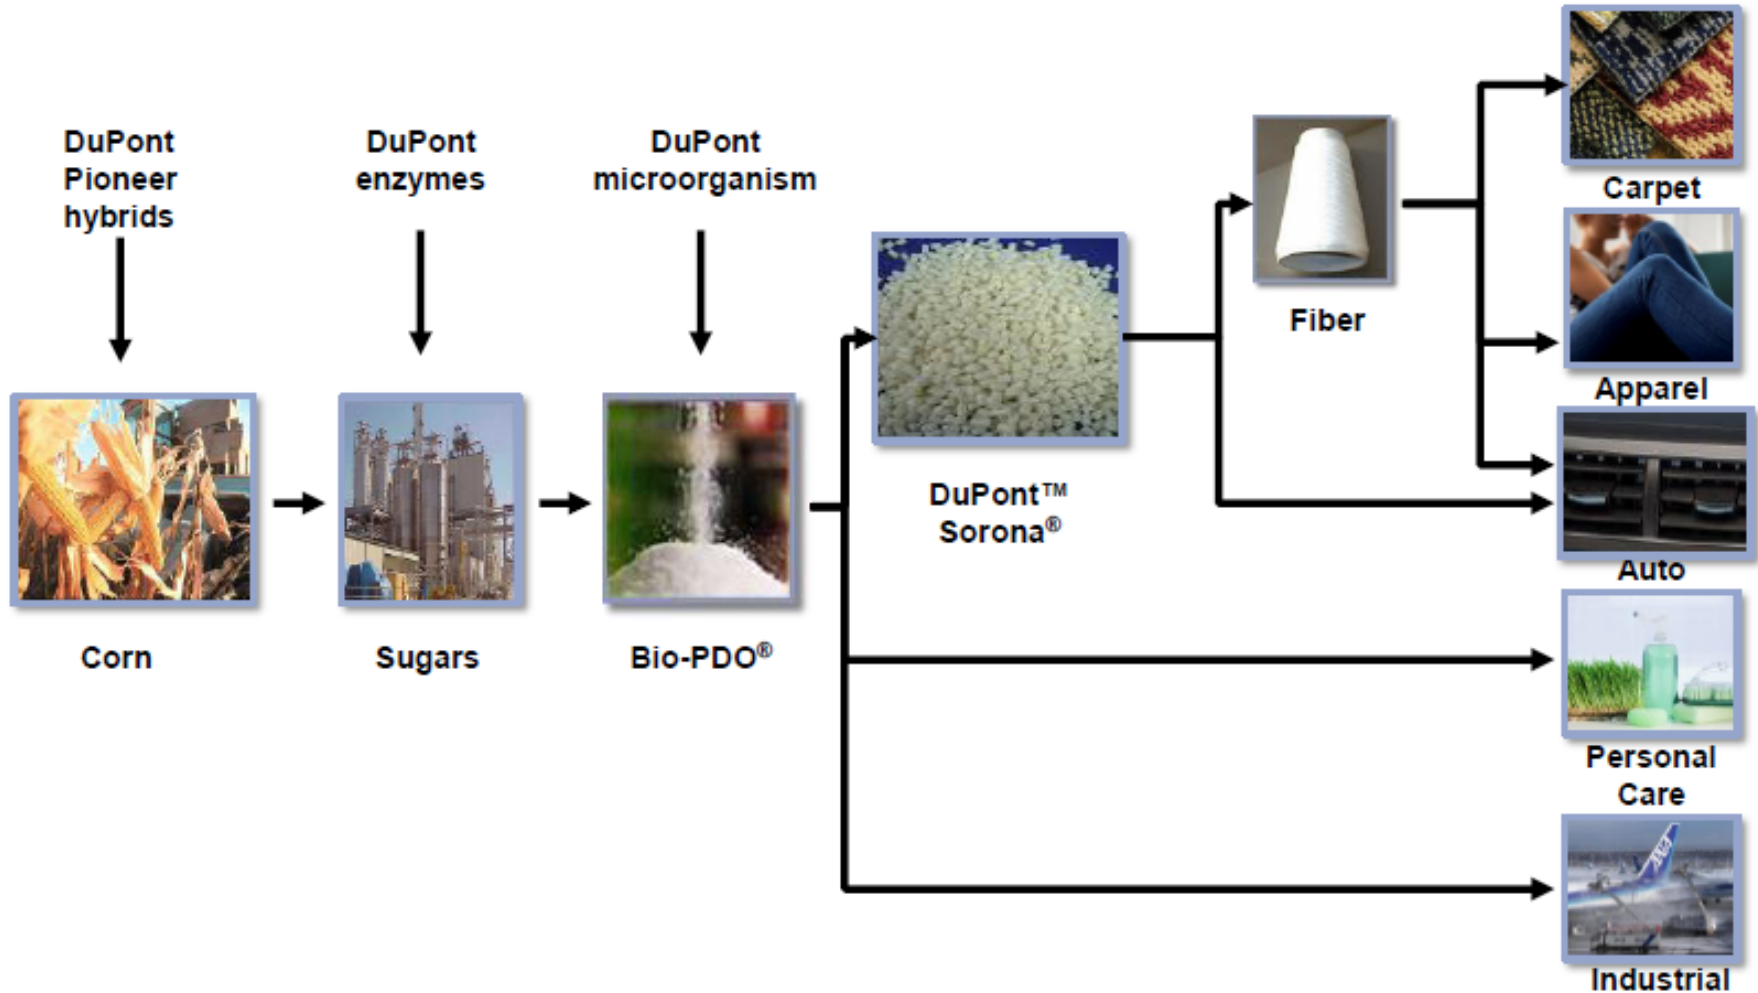

2. Develop world-leading industrial biotechnology capabilities to create transformational new bio-based businesses

Advanced Materials

3. Strengthen and grow our leading position in differentiated high-value materials and leverage new sciences

Three Strategic Priorities

Bringing Integrated Science to Life

Bio-PDO® & Sorona® Polymer Enterprise Delivering \$300+ MM Revenue

Strategic Directions for DuPont Biomaterials

- **Develop renewable routes to existing intermediates that are greener & cheaper**
- **Develop new materials with breakthrough performance that can only be made from renewable resources**
- **Create new markets for farmers, especially for agricultural by-products**
- **Evaluate each R&D program for potential environmental impact before resourcing**
- **Work towards acceptance of “certificate” and other similar approaches to reduce carbon footprint and make Biomaterials more cost-competitive**
