

GC3 GREEN CHEMISTRY & COMMERCE COUNCIL VIRTUAL ROUNDTABLE

March 7-10, 2022

Demonstrate your leadership in green chemistry! Sponsor the GC3 Virtual Roundtable!

Sponsoring the GC3 Virtual Roundtable provides your company with an opportunity to demonstrate its commitment to green chemistry and raise its profile as a leader in sustainability to customers, suppliers, and other stakeholders. GC3's Virtual Roundtable will open on Monday, March 7, 2022, with GC3's version of a virtual exhibit hall. Platinum and gold sponsors will have an opportunity to secure their own room for at least 1-hour of mixed presentation and discussion time to market their green chemistry successes.

The Virtual Roundtable will be open to all at a low cost and we expect to be fully booked with a global audience. Sponsoring this year's Roundtable is a great opportunity to show customers, suppliers, and other decision-makers that your company is committed to green chemistry in your products and operations:

- Raise your corporate profile, across industry sectors and the value chain
- Increase awareness of your sustainability initiatives
- Position your brand as a leader in sustainability
